El Portal Tot Lot:

Play Structure Replacement:

- Who will construct and install the equipment and perform the site improvements proposed? The park will need to authorize this work and these improvements by a Special Use Permit with an individual or an organization.
- The park maintains the grass, but who will maintain the equipment, etc.? There has to be an individual or an organization to own it. We can ask the park to take on ownership but does not appear likely.

Play Park Lawn

- Lawn is browning, can we officially get water system turned on?

Roadside Camping- Please share your photos of campers here:
